 11. Marking guide — model answers to the practice examination — full version only
 12. Exam technique and revision checklist — full version only
-

1. What is management?

Management is the process of working with and through people and other resources (money, materials, information, time) to accomplish an organisation's goals efficiently and effectively.

Two words matter here:

- **Efficient** — using the minimum necessary resources to achieve a given result (doing things right).
- **Effective** — actually achieving the intended goal (doing the right things).

A manager can be highly efficient (very economical) while still being ineffective (achieving the wrong outcome), and vice versa — good management aims for both together.

Sample of the practice examination (Question One of Five)

Note on format. The full paper includes a complete practice examination laid out the way a real KASNEB ATD paper is laid out — timed, five compulsory 20-mark questions — so you can rehearse the exact exam format before sitting the real thing. This is an original practice paper, **not a reproduction of any actual KASNEB past paper.**

ATD LEVEL II — PRINCIPLES OF MANAGEMENT (PRACTICE PAPER)

TIME ALLOWED: 3 HOURS

Instructions to candidates: Answer ALL FIVE questions. Each question carries 20 marks. Show all workings clearly.

QUESTION ONE

- (a) Distinguish between "efficiency" and "effectiveness" in management, giving one example of each. (6 marks)
- (b) Outline the five core functions of management. (10 marks)
- (c) Explain why the functions of management are described as continuous and overlapping rather than a strict one-time sequence. (4 marks)

(Total: 20 marks)

Questions Two, Three, Four and Five — plus the full marking guide with model answers to all five questions — are in the full version.

Unlock the full paper

The complete version includes levels of management, organisational structures, motivation theories (Maslow, Herzberg, McGregor), leadership styles, communication in organisations, decision-making, a fully worked span-of-control question, the complete five-question KASNEB-style practice examination with a full marking guide, and an exam technique and revision checklist.
