-

1. What is management?

Management is the process of working with and through people and other resources to accomplish an organisation's goals efficiently (minimum necessary resources) and effectively (actually achieving the intended goal).

Sample of the practice examination (Question One of Five)

Note on format. The full paper includes a complete practice examination laid out the way a real KASNEB CS paper is laid out — timed, five compulsory 20-mark questions — so you can rehearse the

exact exam format before sitting the real thing. This is an original practice paper, **not a reproduction of any actual KASNEB past paper.**

CS FOUNDATION LEVEL — MANAGEMENT PRINCIPLES AND PRACTICE (PRACTICE PAPER)

TIME ALLOWED: 3 HOURS

*Instructions to candidates: Answer ALL FIVE questions. Each question carries 20 marks.
Show all workings clearly.*

QUESTION ONE

- (a) Define "management" and distinguish "efficiency" from "effectiveness." (8 marks)
- (b) Outline the FIVE classical functions of management. (10 marks)
- (c) Explain why these functions are described as continuous and overlapping. (2 marks)

(Total: 20 marks)

Questions Two, Three, Four and Five — plus the full marking guide with model answers to all five questions — are in the full version.

Unlock the full paper

The complete version includes levels of management, organisational structures, motivation theories, leadership styles, decision-making, span of control, a fully worked span-of-control question, the complete five-question KASNEB-style practice examination with a full marking guide, and an exam technique and revision checklist.
